INDEX

VOLUME 53, 1977

A

Abnormal lung structure and function, Relation of pulmonary hypertension to. Pulmonary heart disease. Yale Enson, 551

Abrams, Henry J. and Buchbinder, Mitchel I. Experience with ileal ureters, 329

Abstracts, New York Heart Association Scientific Session on Research, 302

Academy Medal to Henry G. Kunkel, M.D., Presentation of the. Alexander G. Bearn, 778

Academy Plaque to Frank Glenn, M.D., Presentation of the. John E. Deitrick, 775

Academy, Standing Committees and Officers of Sections of the. 1977, 784

Accuracy of calibration of electromagnetic flow-probe by dye dilution method. Byoung G. Min, S. Fich, and H. S. Shiang, 829

Acne and endocrine disorders, Studies on the sebaceous glands in. Peter E. Pochi and John S. Strauss, 359

ACTH [adrenocorticotropic hormone] in carcinoma of the lung, Production of. Rosalyn S. Yalow, 567

Acton, W. Prostitution in some 19th century European cities, 155

Address of welcome (1976 Annual Health Conference), Joseph Post, 5

Adrenal androgens, The role of the. Biological activity and metabolism of androgenic hormones. William D. Drucker, 347

[Adrenocorticotropic hormone] ACTH in carcinoma of the lung, Production of. Rosalyn S. Yallow, 567

Afternoon panel discussion (Symposium on the Medical School and Its Surrounding Community). William I. Wolff, John E. Deitrick, Samuel J. Bosch, Kenneth M. Endicott, Robert J. Weiss, and Edward B. Harvey, 480

Alternate treatments in Legg-Calve-Perthes disease. Jacob F. Katz, 605

Ambulatory care of tuberculosis, New challenges in. Lee B. Reichman, 516

Ambulatory care services in New York City, The implications of national health insurance for. Charles Brecher, Karen Brudney, and Miriam Ostow, 179, 510

Ambulatory health services, Preserving and financing. Beatrice G. Kresky and Gary Eidsvold, 37

Amygdalin (Laetrile), Statement on. The New York Academy of Medicine, 843

Analysis, Dermatoglyphic. Anthropological and medical aspects. Josette Naffah, 681

Analysis in experimental models of atherosclerosis, Vibration. Ira Nathan and Anthony M. Imparato, 849

Androgenic hormones, Biological activity and metabolism of. The role of the adrenal androgens. William D. Drucker, 347

Anesthetic technique, Evolution of the modern. Richard L. Keenan and Margaret F. Sullivan, 650

Anthropological and medical aspects. Dermatoglyphic analysis. Josette Naffah, 681

Antivivisection and Medical Science in Victorian Society. Richard D. French. Book review. Gert H. Brieger, 911

Application of management science to the delivery of medical care in medical and dental practices, The. Rudolph H. Friedrich, John Dalton, and Frank E. Iaquinta, 208

Arm vibration, An investigation of occupational hand-. Geraldine Milano, Howard Gage, and Charles Wilson, 823

Arterial flow, Toward a noninvasive diagnosis of disturbed. Edward Derohanes, Hans Pawel, and Charles Wilson, 693

Assessment of computerized axial tomography in otology. Simon C. Parisier, Peter M. Som, Joel M. A. Shugar, and William F. Marovitz, 809

Assessment of fractures and healing, Polymeric fixation and ultrasonic. Stanley A. Brown, 710

Athens, John W., 915

Atherosclerosis, Vibration analysis in experimental models of. Ira Nathan and Anthony M. Imparato, 849

Axial tomography in otology, Assessment of computerized. Simon C. Parisier, Peter M. Som, Joel M. A. Shugar, and William F. Marovitz, 809

Ayvazian, L. Fred. Diagnostic aspects of pleural effusion, 532

B

Bacillus Calmette-Guérin, Short-term therapy,

preventive therapy, and. Tuberculosis, now and the future. Phyllis Q. Edwards, 526
Bearn, Alexander G. Presentation of the Academy Medal to Henry G. Kunkel, M.D., 778
"Beautiful lady," Why is it called? A note on belladonna. Thomas R. Forbes, 403
Behavior pattern, Type A. Some of its pathophysiological components. Meyer Friedman, 593
Bell, Charles, and the Roots of the Spinal Nerves, François Magendie. The Way In and the Way Out. Paul F. Cranefield. Book review. Stewart G. Wolf, Jr., 754
Belladonna, A note on. Why is it called "beautiful lady"? Thomas R. Forbes, 403
Berger, Herbert, 434
Berman, Richard A. Financial and economic issues, 146
Bicentennial return of a medal of Benjamin Rush, The. Medical numismatic notes, XXII, 671
Biles, Brian. Strategies for primary care, 141
Biological activity and metabolism of androgenic hormones: The role of the adrenal androgens. William D. Drucker, 347
Bithell, Thomas C., 915
Blood in New York City, Human. Now. Aaron Kellner, 166
Blood in New York City, Human. Then (1956). August H. Groeschel, 157
Bloom, Samuel W. and Summey, Pamela. Physician-patient expectations in primary care, 75
Bogdonoff, Morton D. Training and education of physicians, 40
Boggs, Dane R., 915
Book reviews:
Cranefield, Paul F.: *The Way In and the Way Out. François Magendie, Charles Bell and the Roots of the Spinal Nerves*. Stewart G. Wolf, Jr., 755
French, Richard D.: *Antivivisection and Medical Science in Victorian Society*. Gert H. Brieger, 911
Wintrobe, Maxwell M., Lee, G. Richard, Boggs, Dane R., Bithell, Thomas C., Athens, John W., and Foerster, John: *Clinical Hematology*. Peter Vogel, 915
Bosch, Samuel J., 480
Bosch, Samuel J., and Deuschle, Kurt W. The role of a medical school in the organization of health-care services, 449
Breast cancer, Changing patterns of. Jerome A. Urban, 749
Brecher, Charles, Brudney, Karen, and Ostow, Miriam. The implications of national health insurance for ambulatory care services in New York City, 179, 510
Brieger, Gert H. Book review. Richard D. French: *Antivivisection and Medical Science in Victorian Society*, 911
Briscoe, William A., 537
Brocklehurst, J. C. Psychogeriatric care as a specialized discipline in medicine, 702
Brown, Stanley A. Polymeric fixation and ultrasonic assessment of fractures and healing, 710
Brudney, Karen, 179, 510
Buchbinder, Mitchell I., 329

C

Calibration of electromagnetic flow-probe by dye dilution method. Byoung G. Min, S. Fich, and H. S. Shiang, 829
Cancer, Changing patterns of breast. Jerome A. Urban, 749
Carcinoma of the lung, Production of ACTH [adrenocorticotropic hormone] in. Rosalyn S. Yalow, 567
Care as a specialized discipline in medicine, Psychogeriatric. J. C. Brocklehurst, 702
Care as seen in the perspective of public health, The need for primary. Duncan W. Clark, 18
Care in group practice, Who delivers primary? Conrad Rosenberg, 103
Care in medical and dental practices, The application of management science to the delivery of medical. Rudolph H. Friedrich, John Dalton, and Frank E. Iaquinta, 208
Care in urban hospitals, primary. Michael M. Stewart, 83
Care, Issues in Primary. 1976 Annual Health Conference of the New York Academy of Medicine, 5
Care, Managerial issues in primary. Stephen D. Roberts, Raymond H. Murray, Bruce J. Kronman, and Mark Fox, 60
Care of tuberculosis, New challenges in ambulatory. Lee B. Reichman, 516
Care, Physician-patient expectations in primary. Samuel W. Bloom and Pamela Summey, 75
Care physician, The new primary-. Robert J. Weiss, 422
Care, Primary. Some issues. David E. Rogers, 10

Care services in New York City, The implications of National Health Insurance for ambulatory. Charles Brecher, Karen Brudney, and Miriam Ostow, 179, 510
Care services, The role of a medical school in the organization of health-. Samuel J. Bosch and Kurt W. Deuschle, 449
Care, Strategies for primary. Brian Biles, 141
Care, Strategies for primary (1976 Annual Health Conference), 129
Care, The role of the internist in delivering primary. William C. Felch, 116
Care, What is primary? (1976 Annual Health Conference), 10
Care, Who delivers primary? (1976 Annual Health Conference), 83
Care, Who delivers primary? Nora Piore, 124
Catastrophic pulmonary failure: Clinical manifestations and concepts of therapy. James P. Smith, William A. Briscoe, and Thomas K. C. King, 537
Causey, G. Donald. Communication through hearing aids, 644
Center, The neighborhood health. William B. Lloyd, 120
Changing patterns of breast cancer. Jerome A. Urban, 749
Cities, Prostitution in some 19th century European. W. Acton, 155
Clabeaux, Marie S. Congenital dislocation of the hip in the prehistoric northeast, 338
Clinical Hematology. Maxwell M. Wintrobe, G. Richard Lee, Dane R. Boggs, Thomas C. Bithell, John W. Athens, and John Foerster. Book review. Peter Vogel, 915
Clinical manifestations and concepts of therapy. Catastrophic pulmonary failure. James P. Smith, William A. Briscoe, and Thomas K. C. King, 537
Coldbath Fields Prison, London, in 1795–1829, A mortality record for. Thomas R. Forbes, 666
Collings, G. H., Jr. An occupational health perspective, 25
Committee on Library Publications, Report of the. New York Academy of Medicine, 919
Committee on Medical Education. Statement on nursing education: Status or service oriented? 490
Committee on Medical Education, Symposium on the Medical School and Its Surrounding Community, 409
Communication through hearing aids. G. Donald Causey, 644
Community physicians, Medical educators and. Parallel roads in search of an interchange. Edward B. Harvey and Lorna R. Marsden, 409
Community, The Medical School and Its Surrounding (Symposium). Committee on Medical Education, 409
Computerized axial tomography in otology, Assessment of. Simon C. Parisier, Peter M. Som, Joel M.A. Shugar, and William F. Marovitz, 809
Conferences (see also Symposia): Issues in Primary Care, 5
Congenital dislocation of the hip in the prehistoric northeast. Marie S. Clabeaux, 338
Connective tissue disease in a mummy from the Huari culture (Peru), Generalized. Marvin J. Allison, Enrique Gerszten, A. Julio Martinez, David M. Klurfeld, and Alejandro Pezzio, 292
Continuing education, The role of family practice and. Charles M. Plotz, 430
Corresponding Fellows of the New York Academy of Medicine, 1866, 925
Cranefield, Paul F.: *The Way In and the Way Out. François Magendie, Charles Bell and the Roots of the Spinal Nerves*. Book review. Stewart G. Wolf, Jr., 755

D

Dalton, John, 208
Data for local health-planning decisions. Marvin D. Roth, 888
Day, Robert M. Ocular manifestations of Graves' disease: Therapeutic approaches, 277
Death, New Meanings of. Herman Feifel, editor. Book review. Guy F. Robbins, 917
Deitrick, John E., 480
Deitrick, John E. Presentation of the Academy Plaque to Frank Glenn, M.D., 775
Deitrick, John E. The primary responsibilities of the medical schools, 473
Delivery of medical care in medical and dental practices, The application of management science to the. Rudolph H. Freidrich, John Dalton, and Frank E. Iaquinta, 208
Dental practices, The application of management science to the delivery of medical care in medical and. Rudolph H. Friedrich, John Dalton, and Frank E. Iaquinta, 208
Dermatoglyphic analysis: Anthropological and

medical aspects. Josette Naffah, 681
Dermatologic Society of Greater New York, 347
Derohanes, Edward, Pawel, Hans, and Wilson, Charles. Toward a noninvasive diagnosis of disturbed arterial flow, 693
Deuschle, Kurt, W., 449
Diagnosis and management. Herpes simplex and herpes zoster keratouveitis. Deborah Pavan-Langston, 731
Diagnostic aspects of pleural effusion. L. Fred Ayvazian, 532
Diagnostic radiographs, Effect of flame-retardant fabrics on. Leon Segal and George L. Drake, Jr., 725
Disease, Alternate treatments in Legg-Calve-Perthes, Jacob F. Katz, 605
Disease in a mummy from the Huari culture (Peru), Generalized connective tissue. Marvin J. Allison, Enrique Gerszten, A. Julio Martinez, David M. Klurfeld, and Alejandro Pezzio, 292
Disease in a prehistoric Iranian population, Middle ear. Ted A. Rathbun and Robert Mallin, 901
Disease, Ocular manifestations of Graves'. Therapeutic approaches. Robert M. Day, 277
Disease, Pulmonary heart. Relation of pulmonary hypertension to abnormal lung structure and function. Yale Enson, 551
Disease, Selected Aspects of Pulmonary (Symposium). Section on Medicine, 513
Dislocation of the hip in the prehistoric northeast, Congenital. Marie S. Clabeaux, 338
Drake, George L., Jr., 725
Drosin, Allan B. Mechanical and electrical manifestations of fatigue in the muscles of pronation and supination, 615
Drucker, William D. Biological activity and metabolism of androgenic hormones: The role of the adrenal androgens, 347
Drusin, Lewis M., 569
Dye dilution method, Accuracy of calibration of electromagnetic flow-probe by. Byoung G. Min, S. Fich, and H.S. Shiang, 829

E

Ear disease in a prehistoric Iranian population, Middle. Ted A. Rathbun and Robert Mallin, 901
Ear effusions, Middle. The thin and thick of it. William P. Potsic, Mitchell Litt, Allan L. McCall, Mohammed A. Khan, and Chung K. Shih, 806
Economic issues, Financial and. Richard A. Berman, 146
Edsall, John R. Tuberculosis in a general hospital, 513
Education and training of the physician. Alfred Gelhorn, 44
Education of physicians, Training and. Morton D. Bogdonoff, 40
Education, Statement on nursing. Status or service oriented? Committee on Medical Education, 490
Education, The role of family practice and continuing. Charles M. Plotz, 430
Educators and community physicians, Medical. Parallel roads in search of an interchange. Edward B. Harvey and Lorna R. Marsden, 409
Edwards, Phyllis Q. Tuberculosis, now and the future: Short-term therapy, preventive therapy, and bacillus Calmette-Guérin, 526
Effect of flame-retardant fabrics on diagnostic radiographs. Leon Segal and George L. Drake, Jr., 725
Effusion, Diagnostic aspects of pleural. L. Fred Ayvazian, 532
Effusions, Middle ear. The thin and thick of it. William P. Potsic, Mitchell Litt, Allan L. McCall, Mohammed A. Khan, and Chung K. Shih, 806
Ehrenwald, Jan. Many psychotherapies and what they have in common, 880
Eidsvold, Gary, 37
Electrical manifestations of fatigue in the muscles of pronation and supination, Mechanical and. Allan B. Drosin, 615
Electromagnetic flow-probe by dye dilution method, Accuracy of calibration of. Byoung G. Min, S. Fich, and H.S. Shiang, 829
Emanations in tenements and schools, 1869. John O. Stone, 589
Endicott, Kenneth M., 480
Endicott, Kenneth M. What the federal government expects, 465
Endocrine disorders, Studies on the sebaceous glands in acne and. Peter E. Pochi and John S. Strauss, 359
Enson, Yale. Pulmonary heart disease: Relation of pulmonary hypertension to abnormal lung structure and function, 551
Epidemiology program, The New York City nurse-. Pascal James Imperato, Lewis M. Drusin, John S. Marr, Eleanor C. Lam-

bertsen, and Barbara Topf-Olstein, 569
Evolution of the modern anesthetic technique. Richard L. Keenan and Margaret F. Sullivan, 650
Experience with ileal ureters. Henry J. Abrams and Mitchell I. Buchbinder, 329
Experimental models of atherosclerosis, Vibration analysis in. Ira Nathan and Anthony M. Imparato, 849
European cities, Prostitution in some 19th century. W. Acton, 155

F

Fabrics on diagnostic radiographs, Effect of flame-retardant. Leon Segal and George L. Drake, Jr., 725
False starts and lesser alternatives. Milton Terris, 129
Family practice and continuing education, The role of. Charles M. Plotz, 430
Family-practice perspective, A. Training primary physicians. Richard N. Podell, 110
Fatigue in the muscles of pronation and supination, Mechanical and electrical manifestations of. Allan B. Drosin, 615
Federal government expects, What the. Kenneth M. Endicott, 465
Feifel, Herman, editor: *New Meanings of Death*. Book review. Guy F. Robbins, 917
Felch, William C. The role of the internist in delivering primary care, 116
Fellows of the New York Academy of Medicine, 1866, Corresponding, 925
Ferrer, José M. President's remarks, 761
Fever, Malta. George M. Sternberg, 238
Fich, S., 829
Financial and economic issues. Richard A. Berman, 146
Financial problems, Management and (1976 Annual Health Conference), 37
Financing ambulatory health services, Preserving and. Beatrice G. Kresky and Gary Eidsvold, 37
First hospital in the new world, The. Fidelio A. Jimenez, 906
Fixation and ultrasonic assessment of fractures and healing, Polymeric. Stanley A. Brown, 710
Flame-retardant fabrics on diagnostic radiographs, Effect of. Leon Segal and George L. Drake, Jr., 725
Flow-probe by dye dilution method, Accuracy of calibration of electromagnetic. Byoung G. Min, S. Fich, and H.S. Shiang, 829
Flow, Toward a noninvasive diagnosis of disturbed arterial. Edward Derohanes, Hans Pawel, and Charles Wilson, 693
Foerster, John, 915
Forbes, Thomas R. A mortality record for Coldbath Fields Prison, London, in 1795-1829, 666
Forbes, Thomas R. Why is it called "beautiful lady"? A note on belladonna, 403
Fox, Mark, 60
Fractures and healing, Polymeric fixation and ultrasonic assessment of. Stanley A. Brown, 710
Friedman, Meyer. Type A behavior pattern: Some of its pathophysiological components, 593
Friedrich, Rudolph H., Dalton, John, and Iaquinta, Frank E. The application of management science to the delivery of medical care in medical and dental practices, 208
Function, Relation of pulmonary hypertension to abnormal lung structure and. Pulmonary heart disease. Yale Enson, 551
Future shape of the mental health services in the state of New York, The. Lawrence C. Kolb, 628
